

Product portfolio VACUUM PUMPS

Liquid ring vacuum pumps block pumps

single-stage vacuum pumps, in block design with mechanical seal up to 400 m³/h

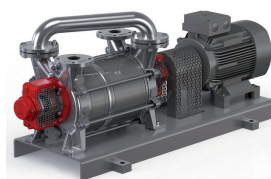

speck | 

Liquid ring – compressors

High corrosion resistance, reliable, powerful and very efficient vacuum pumps up to 1 600 m³/h

speck | 

Liquid ring vacuum pumps base plate pumps

Vacuum pumps in base plate design with mechanical seal up to 30 000 m³/h

**engineering
Tuma**

Rotary vane vacuum pumps

Oil-lubricated or oil-free rotary vane vacuum pumps for a better final vacuum up to 1 000 m³/h

DVP

Vacuum screw pumps RVS

High speed pumps designed for a wide range of chemical and industrial processes

Vacuum systems, accessories / planning / construction

Systems and special solutions, tailor made, with ATEX
